2. Background and Purpose

The Company has developed a mobile application known as "Business Scanner" (the "Application"), currently available on Android, built with Expo / React Native. The Company wishes to engage the Developer, as an independent contractor, to migrate, adapt, build, test, and/or submit the Application for iOS (including App Store / TestFlight distribution), and may disclose Confidential Information (defined below) for that purpose only (the "Purpose").

3. Confidential Information

"Confidential Information" means any non-public information disclosed by the Company to the Developer, whether orally, visually, in writing, electronically, or by access to systems, repositories, devices, or documentation, including without limitation:

- source code, object code, repositories, build scripts, configuration files, and technical documentation;
- application architecture, APIs, backend integrations (including Supabase and third-party services), credentials, and environment variables;
- license management logic, business rules, and security mechanisms;
- design assets, branding, product roadmaps, and commercial information;
- customer, user, or business data made available for testing or migration;
- any information marked or reasonably understood as confidential.

Confidential Information includes information disclosed before or after the Effective Date.

4. Developer Obligations

1. Use Confidential Information solely for the Purpose and not for any other purpose.
2. Not disclose Confidential Information to any third party without the Company's prior written consent.
3. Protect Confidential Information with at least the same degree of care the Developer uses for its own confidential information, and no less than reasonable care.
4. Not subcontract or delegate any part of the work involving Confidential Information to any third party without the Company's prior written consent.
5. Work only in repositories, tools, and environments controlled or expressly approved by the Company; not upload, mirror, fork, or store any part of the project in the Developer's personal or third-party accounts (including private GitHub, GitLab, cloud drives, or local backups) except temporarily and solely as required for the Purpose, and delete such copies when no longer needed.
6. Not copy, reverse engineer, decompile, or attempt to derive source code or trade secrets except as strictly necessary for the Purpose and with the Company's prior written approval where required by law.
7. Promptly notify the Company of any unauthorized use or disclosure of Confidential Information.
8. Comply with applicable laws in Pakistan and internationally regarding export control, sanctions, and data protection, to the extent applicable to the Developer's performance.

5. Prohibition on Copying, Cloning, and Competing Products

The Developer acknowledges that the Application, its source code, design, features, workflows, business logic, and related materials are proprietary to the Company. Without limiting the foregoing, the Developer expressly agrees that it shall NOT, during the term of this Agreement or thereafter (for the survival period stated in Section 7):

- copy, reproduce, download, extract, or retain any portion of the Application, its source code, assets, documentation, or Confidential Information, except as strictly necessary to perform the Purpose for the Company;
- create, develop, publish, distribute, sublicense, sell, or otherwise make available any clone, fork, port, derivative work, or competing product that is based on, incorporates, or is substantially similar to the Application or any part thereof;
- reuse, adapt, or repurpose the Application's code, architecture, UI/UX, OCR flows, license system, Supabase integration, branding, or business rules for the Developer's own projects or for any third party;
- register, publish, or submit to Apple App Store, Google Play, or any other store or marketplace any application that reproduces or imitates the Application or its core functionality;
- share, leak, or transfer the project repository, credentials, build artifacts, or technical know-how to any person or entity other than the Company;
- take screenshots, screen recordings, or demos of the Application for portfolio, marketing, or public display without the Company's prior written consent.

The Developer shall perform the iOS migration solely as work for hire / on behalf of the Company. The Developer acquires no ownership interest in the Application and no right to exploit it outside the Purpose.

6. Exclusions

Confidential Information does not include information that the Developer can demonstrate:

- is or becomes publicly available through no breach of this Agreement;
- was lawfully known to the Developer before disclosure by the Company;
- is lawfully received from a third party without breach of any confidentiality obligation;
- is independently developed by the Developer without use of or reference to the Company's Confidential Information.

If the Developer is required by law, regulation, or court order to disclose Confidential Information, the Developer shall (to the extent legally permitted) provide prompt written notice to the Company and cooperate in seeking protective treatment.

7. Term and Survival

This Agreement begins on the Effective Date and continues for three (3) years thereafter, unless terminated earlier by written notice. The Developer's obligations under Sections 4, 5, and 8 (confidentiality, non-copying, non-cloning, and intellectual property) survive termination for five (5) years from the date of last disclosure or last access to the project, or indefinitely with respect to trade secrets for as long as they remain trade secrets under applicable law.

8. Return and Destruction

Upon the Company's written request, or upon completion or termination of the engagement, the Developer shall promptly return or permanently destroy all Confidential Information and certify

destruction in writing (email is sufficient), except for one archival copy retained solely for legal compliance and subject to continuing confidentiality obligations.

9. Intellectual Property

All Confidential Information and all intellectual property rights in the Application and related materials remain the exclusive property of the Company. No license or other rights are granted to the Developer except the limited right to use Confidential Information strictly for the Purpose.

All work product, code, documentation, configurations, builds, and deliverables created by the Developer in connection with the iOS migration or the Application (including bug fixes, improvements, and App Store submission materials) are the exclusive property of the Company. To the extent any such work product does not vest automatically in the Company under applicable law, the Developer hereby irrevocably assigns to the Company all right, title, and interest therein upon creation. The Developer shall execute any further documents reasonably requested to perfect such assignment.

The Developer retains no right to reuse, resell, republish, or create alternative versions of the Application or any part thereof, as set out in Section 5.

10. No Obligation; Independent Contractor

Nothing in this Agreement obliges the Company to disclose any particular information, award any contract, or continue any business relationship. The Developer acts as an independent freelancer and contractor, not as an employee, agent, or partner of the Company. The Developer is solely responsible for its own taxes, social contributions, and legal compliance in Pakistan and elsewhere.

11. Data Protection

If the Developer processes personal data on behalf of the Company, the parties shall comply with applicable data protection laws, including Regulation (EU) 2016/679 (GDPR). Additional data processing terms may be set out in a separate Data Processing Agreement if required.

12. Remedies

The Developer acknowledges that unauthorized disclosure, copying, cloning, or competing use of the Application or Confidential Information may cause irreparable harm for which monetary damages may be inadequate. The Company shall be entitled to seek injunctive relief, withdrawal of competing applications from app stores, destruction of unauthorized copies, and any other remedies available at law or in equity, without prejudice to other rights.

13. Governing Law and Jurisdiction

This Agreement is governed by the laws of Italy, without regard to conflict-of-law principles. The parties submit to the exclusive jurisdiction of the courts of Vicenza, Italy, unless mandatory law provides otherwise.

14. General

- Entire Agreement: This Agreement constitutes the entire agreement between the parties regarding confidentiality for the Purpose and supersedes prior oral or written understandings on that subject.
- Amendments: Amendments must be in writing and signed by both parties (scanned/PDF signatures and email confirmation are acceptable unless otherwise agreed).
- Assignment: The Developer may not assign this Agreement without the Company's prior written consent.
- Severability: If any provision is held invalid, the remaining provisions remain in effect.
- Language: This Agreement is drafted in English. In case of translation, the English version prevails unless otherwise agreed in writing.
- Counterparts: This Agreement may be executed in counterparts and by electronic signature, each of which shall be deemed an original.

The Developer confirms having read and understood Section 5 (Prohibition on Copying, Cloning, and Competing Products) and agrees not to copy the project or create an independent or competing version.

IN WITNESS WHEREOF, the parties have executed this Agreement as of the dates below.
